New Clearinghouse of Federal Funding Opportunities for Energy Communities:

How to Use It and What’s Available

Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization

Brian J. Anderson, Ph.D.
Executive Director, Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization

Briggs M. White, Ph.D.
Deputy Executive Director, Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization
Agenda

</table>
Question 1:

Have you ever submitted an application for federal funding?

- Yes
- No
Submit Questions in Chat

All attendees muted.

Send topic questions in Chat to all Panelists by clicking the chat icon on the bottom right of screen.

Send technical assistance questions in Chat to Host.
Final Reminders

Slides, webinar recording, and resources will be posted to EnergyCommunities.gov and sent by email.
Opportunities within the Clearinghouse

We are delivering federal resources to help revitalize America's energy communities

GET FUNDING
Find out what your community or organization might be eligible to receive in grants, loans, technical assistance, or other support

66 Open/Planned Opportunities Currently Available
21 Opportunities Don’t Require Matching Funds
$46B+ Open/Planned Funding Available
$2.9B+ Awarded So Far

$46B+
Value of Open/Planned Opportunities

66 Open/Planned Opportunities
12 Agencies Represented
21 Opportunities w/ no cost share

4 Planned Opportunities expected to open within the next 60 days

Spotlight on Funding Opportunities

• **U.S. Economic Development Administration**
  Courtney Haynes, Coal Communities Coordinator

• **U.S. Department of Agriculture Rural Development**
  Justin Maxson, Deputy Under Secretary
Economic Development Administration

INVESTING IN AMERICA’S COAL COMMUNITIES
EDA’s Mission

To lead the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy.

- Increase America’s global ECONOMIC COMPETITIVENESS
- Support COMMUNITY-LED ECONOMIC DEVELOPMENT
- Help communities develop RESILIENT AND AGILE local economies
EDA’s Investment Priorities

- **Equity**
- **Recovery & Resilience**
- **Workforce Development**
- **Manufacturing**
- **Technology-Based Economic Development**
- **Environmentally-Sustainable Development**
- **Exports & Foreign Direct Investment**

Economic development planning or implementation projects that build economic resilience to and long-term recovery from economic shocks, like those experienced by coal and power plant communities, or other communities impacted by the decline of an important industry or a natural disaster, that may benefit from economic diversification-focused resilience.

To learn more about EDA’s Investment Priorities, visit: https://eda.gov/about/investment-priorities/
Eligible Entities for EDA funding

Eligible applicants include a(n):

- District Organization of an EDA-designated Economic Development District (EDD);
- Indian Tribe or a consortium of Indian Tribes;
- State, county, city, or other political subdivision of a State, including a special purpose unit of a State or local government engaged in economic or infrastructure development activities, or a consortium of political subdivisions;
- Institution of higher education
- Public or private non-profit organization or association acting in cooperation with officials of a political subdivision of a State

EDA does not provide funding to for-profit entities or individuals
How Does EDA Define a Coal Community?

Coal communities are communities and regions that can reasonably demonstrate how changes in the coal economy have resulted or are anticipated to result in job losses and layoffs in any coal-reliant commercial sector. This includes, but is not limited to:

- Coal mining
- Coal-fired power plants
- Related transportation, logistics, and/or supply chain manufacturing industries
ARP Program

$3 billion in American Rescue Plan funding allows EDA to lead an unprecedented approach to: “prevent, prepare for, and respond to coronavirus and for necessary expenses for responding to economic injury as a result of coronavirus.”

EDA’s American Rescue Plan programs are designed to:
1. Accelerate the economic recovery from the coronavirus pandemic
2. Build local economies that will be resilient to future economic shocks
Funding Commitments

EDA’s $300 million Coal Communities Commitment will ensure support for coal communities as they recover from the pandemic and create new jobs and opportunities.

- $100 million allocated to the Build Back Better Challenge
- $200 million allocated through the ARPA Economic Adjustment Assistance Program
American Rescue Plan EAA Goals & Conditions

Supporting Coal Communities

EDA will fund $200M of its *Coal Communities Commitment* through the EAA NOFO.

Nexus

- Any project that will create jobs or contribute to a community’s or region’s economic recovery is eligible
- Tribes can apply; tourism projects restricted to respective program

Flexibility

EDA can fund a wide range of project types, including infrastructure (broadband, water, sewer, roadway) building constructions, revolving loan funds, planning and technical assistance
Award Timeline

July 2021  Applications accepted

Rolling competitive grant applications and awards

March 31, 2022  Deadline for Applications

Sept 30, 2022  All funds must be obligated

May 31, 2027  Period of performance must end to allow for close out
Funding Opportunities

EDA’s Economic Adjustment Assistance Program

Applications are solicited from applicants in rural and urban areas to provide investments that support construction, non-construction, technical assistance, and revolving loan fund projects. Grants and cooperative agreements made under these programs are designed to leverage existing regional assets and support the implementation of economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities.

Match Required: Yes
Typical Project Amount: $150,000 to $1,000,000
Funding Opportunities

Assistance to Coal Communities

This funding assists locally-driven efforts to communities and regions severely impacted by the declining use of coal through activities and programs that support economic diversification, job creation, capital investment, workforce development and re-employment opportunities.

Match Required: Yes
Typical Project Amount: $500,000 to $2,000,000 for implementation projects and from $100,000 to $350,000 for planning activities
Funding Opportunities

Local Technical Assistance Program

The Local Technical Assistance program helps analyze the feasibility of potential economic development projects, such as an industrial park or a high-technology business incubator. Feasibility studies are an effective tool for determining whether the market will support a particular activity or site.

Match: Yes
Typical Project Amount: Less than $200,000
Funding Opportunities

Public Works

Through the Public Works program, EDA provides catalytic investments to help distressed communities build, design, or engineer critical infrastructure and facilities that will help implement regional development strategies and advance bottom-up economic development goals to promote regional prosperity. The Public Works program provides resources to meet the construction and/or infrastructure design needs of communities to enable them to become more economically competitive.

Match: Yes
Typical Project Amount: $600,000 to $3,000,000
Next Steps to Apply

1. Read the **Notice of Funding Opportunity (NOFO)** and Eligibility Requirements: [https://eda.gov/funding-opportunities/](https://eda.gov/funding-opportunities/)

2. Find your **Economic Development District** for planning support and technical assistance: [https://eda.gov/resources/directory/](https://eda.gov/resources/directory/)

3. Connect with your state’s **Economic Development Representative** with questions: [https://eda.gov/contact](https://eda.gov/contact)
Tell Us What You Think!

1. If you had a chance to use the IWG’s new funding clearinghouse, how would you rate it?
2. What else would you like to see as the IWG builds on this clearinghouse and evolves into a one-stop-shop for energy communities?
3. How would you rate this webinar?
4. What additional support do you need to successfully pursue federal funds?
Bipartisan Infrastructure Law (BIL)

Bipartisan Infrastructure Law contains numerous provisions important to Energy Communities

- IWG agencies are preparing **more than $100 billion** of infrastructure investments and funding opportunities in areas such as:

| Transportation infrastructure in rural communities | Broadband access and deployment | Abandoned mine lands | Orphaned wells | Critical materials and rare earth elements | Clean water |

- The Clearinghouse will be updated to include BIL funding opportunities once detailed plans are available
Upcoming IWG Workshops

February 2022

New Funding Opportunities for Energy Communities in the Bipartisan Infrastructure Law

March 2022

Repurposing Fossil Energy Assets
Getting Involved: Calls to Action

✓ **Stakeholder engagement opportunities**
  ✓ Familiarize yourself with and try out the funding clearinghouse
  ✓ Send us your thoughts on the clearinghouse
  ✓ Sign up at website/follow social media
  ✓ Attend webinars and workshops

✓ **Prepare for significant funding opportunities from BIL**
  ✓ Cultivate coalitions
  ✓ Assemble resources for grant writing
  ✓ Secure matching funds, where necessary
