Overcoming Common Infrastructure Challenges in Energy Communities — Part Two

RECORDING

Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization

Brian J. Anderson, Ph.D.

Executive Director, Interagency Working Group on Coal and Power Plant Communities and Economic Revitalization

Housekeeping

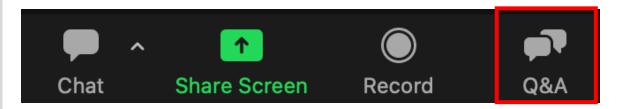

All attendees muted.

Send topic questions to the **Q&A** by clicking the Q&A icon on the bottom of screen.

*Slides, webinar recording, and resources will be posted to **EnergyCommunities.gov** and sent by email.

Send **technical assistance** questions in Chat to **Host**.

Part 1 Recording

Overcoming Common Infrastructure Challenges in Energy Communities Part One: Transportation & Electric Grid Infrastructure

Here's a live stream replay of Webinar #1 addressing how to overcome common infrastructure challenges in energy communities.

Overcoming Common Infrastructure Challenges in Energy Communities – Part 1

Focus on transportation and electric grid

Access recording and resources at https://energycommunities.gov/past-events/

Bipartisan Infrastructure Law (BIL)

IWG agencies are preparing more than \$100 billion of infrastructure investments and funding opportunities in areas such as:

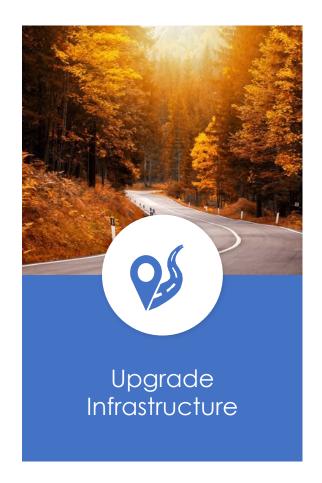

- Transportation
- Broadband
- Clean water
- Energy infrastructure

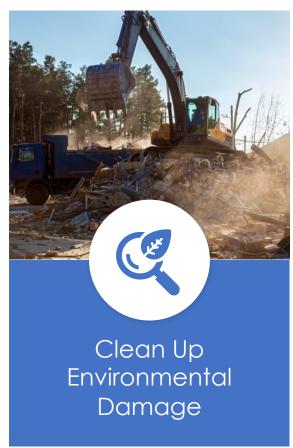

Energy-specific programs include:

Regional clean hydrogen hubs	Carbon capture and storage	Clean energy demonstrations on former mine lands	Orphaned wells	Critical materials and rare earth elements	Energy improvements in rural and remote areas

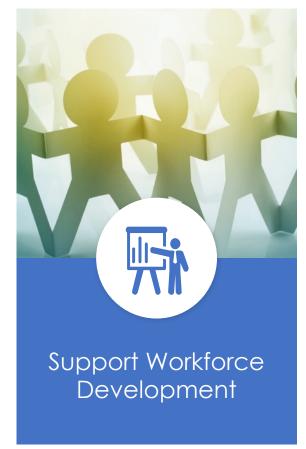

Top Needs for Energy Communities

Fireside Chat

Ali Zaidi National Climate Advisor White House

Gayle Manchin Federal Co-Chair Appalachian Regional Commission

U.S. Department of Agriculture Farah Ahmad, Deputy Under Secretary for Rural Development

Broadband

"Our **broadband capabilities are average** at best, and we need to get those lines completed and upgraded to help with the influx of remote workers to our region."—RFI Respondent

"Lack of broadband and even cell service in most areas is a large detriment."—RFI Respondent

Common Infrastructure Challenges in Energy Communities

Energy Communities IWG July 17, 2023

Overview: Economic Development Administration (EDA)

MISSION: To lead the federal economic development agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the global economy.

EDA...

- Is the only federal government agency whose sole mission is economic development;
- Supports local and regional priorities and objectives; and
- Facilitates ongoing collaboration among multiple inter-governmental and cross-sector partners and stakeholders.

EDA Grant Programs: Infrastructure

Economic Adjustment Assistance

www.eda.gov/economic-adjustment-assistance

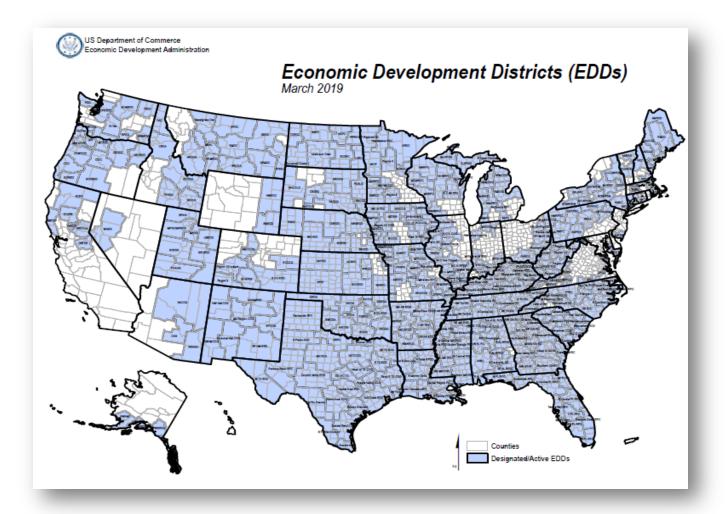

Public Works

www.eda.gov/funding/programs/public-works

EDA Networks of Place-Based Partners

Economic Development Districts (EDDs)

- 390+ Multi-jurisdictional entities that serve regional geographies
- Leaders of locally-based, regionally driven
 Comprehensive Economic
 Development Strategy (CEDS)
 planning processes

Comprehensive Economic Development Strategy (CEDS)

- A. <u>Summary Background</u>: A summary background of the economic development conditions of the region
- B. <u>SWOT Analysis</u>: An in-depth analysis of regional strengths, weaknesses, opportunities and threats
- C. <u>Strategic Direction/Action Plan</u>: Strategic direction and an action plan (flowing from the SWOT analysis), which should be consistent with other relevant state/regional/local plans
 - Strategic Direction: Vision Statement and Goals/Objectives
 - Action Plan: Implementation
- D. <u>Evaluation Framework</u>: Performance measures used to evaluate the organization's implementation of the CEDS and its impact on the regional economy
- E. Economic Resilience:
 - Planning for and Implementing Resilience
 - Establishing Information Networks
 - Pre-Disaster Recovery Planning
 - Measuring Resilience

EDA CEDS home page

- Grantee: City of Anacortes,
 WA
- EDA Program Grant: Public Works
- Project Category: Broadband Expansion
- Grant Amount: \$2,253,731

- Grantee: Gateway Research Park, Inc. (Greensboro, NC)
- EDA Program Grant: Economic Adjustment Assistance (Assistance to Coal Communities)
- Project Category: Facility Expansion
- Grant Amount: \$2,100,000

- Grantee: City of Batesville, AR
- EDA Program Grant:
 Economic Adjustment
 Assistance (Assistance to Coal Communities)
- Project Category: Industrial Park Roads
- Grant Amount: \$526,275

- Grantee: Henry County, VA
- EDA Program Grant: Public Works
- Project Category: Sewer System Upgrades
- Grant Amount: \$241,000

Water & Sewer Programs

All communities need access to safe, clean, and reliable water

- Need: Underserved and disadvantaged communities need support to develop quality State Revolving Fund (SRF) projects and apply for funding.
- Goal of WaterTA: EPA Water Technical Assistance (WaterTA) will build the pipeline of quality SRF
 projects from disadvantaged and underserved communities, in collaboration with states, tribes and
 territories.
- **Partnership with states:** A core value of EPA WaterTA is to compliment existing TA efforts by states and other stakeholders and to collaborate and coordinate.

EPA WaterTA Supports Communities to:

Identify water challenges

Plan for solutions

Increase community engagement

Build technical, financial, managerial capacity

Develop application materials to access water infrastructure funding

One WaterTA Initiative, Multiple WaterTA Programs

BIL Funded OW WaterTA		Base Funded OW WaterTA				
BIL Environmental Finance Centers (EFCs) (Regional and National) \$100 million funded	Closing America's Wastewater Access Gap Lead Service Line Replacement Accelerators H2O Community Solutions Teams	Multi-Media EFCs Capacity for up to \$52 million	OWM Rural Small Tribal Wastewater (AWIA) FY20 \$12 million (awarded; 3 grantees) FY21 \$18 million FY22 \$20 million FY23 \$27 million (next awards Summer '23)	OGWDW Training and Technical Assistance for Small Systems FY21 \$21.7 million (awarded; 2 grantees) FY22 \$25.7 million (selections anticipated to be awarded in Summer 2023)	Other OW WaterTA See online WaterTA programs factsheet, Water Technical Assistance: Ensuring Equitable Access to Water Infrastructure Funding

Environmental Finance Centers (EFCs)

What is the EFC Program?

- Largest WaterTA Program: Environmental Finance Centers (EFCs) are EPA's largest program for WaterTA to communities.
- More EFCs, More Types: EPA reimagined its EFC program in 2022 to better provide BIL TA services to more communities.
- Historic Level of Funding: \$100 million BIL funding secured for EFC BIL WaterTA (with \$52 million in additional capacity available for EFC multimedia TA)

Upcoming Events

Kentucky Area Development Districts/Federal Partners Meeting at Murray State

Wednesday, July 26 at 9:30 a.m. – 3 p.m. CT CFSB Center, Murray State University, Murray KY

Four Corners Rapid Response Team Virtual Community Update Wednesday, July 26 at 1-3 p.m. MT

Energy Transition Series Webinar 3: Energy Community Support Friday, July 28 at 12 p.m. CT

Getting Involved: Calls to Action

Stakeholder engagement opportunities

- √Try out the funding clearinghouse
- ✓ Sign up at website/follow social media
- ✓ Attend webinars and workshops

\checkmark

Act on BIL & IRA funding opportunities

- ✓ Learn about opportunities
- ✓ Cultivate coalitions
- ✓ Assemble resources for grant writing
- ✓ Secure matching funds, where necessary

Sharing Information: IWG Website & Social Media
